Presentation Librarian
Overview

The World's Most Powerful Presentation Management Software

Presentation Librarian™ turns your collection of PowerPoint® files and rich-media into a searchable knowledgebase of digital assets. Top global firms use our award-winning Presentation Librarian software to manage and distribute up-to-date, accurate presentation and rich-media content around the world.

Presentation Librarian is the pioneer in the fast growing presentation management system market. Librarian offers the most powerful capabilities and the most robust feature available. Librarian automates the storage and retrieval of corporate presentation knowledge, giving users across the enterprise web-based access to a searchable library of current information via the Internet or their local area network. Available in several product solutions from Workgroup to Enterprise, Presentation Librarian is scalable to meet the needs of a small workgroup or a global corporation.
